Dissemination of an Ad hoc announcement according to § 15 WpHG, transmitted by DGAP - a company of EQS Group AG.

Munich, January 30, 2014 - Provisional figures for 2013 show that ATOSS Software AG achieved record sales and earnings for the eight successive year. Sales revenues were up 8 percent at EUR 35.5 million (previous year: EUR 33.0 million), while doubled-digit growth in operating profits lifted EBIT 11 percent to EUR 8.4 million (previous year: EUR 7.6 million). The EBIT margin increased to 24 percent (previous year: 23 percent). However due to a weaker financial result, earnings per share came in at EUR 0.76 (previous year: EUR 1.45).

Against the backdrop of this highly positive development in business, the dividend payment is intended to remain at last year's high level. The Management Board proposes to raise the dividend rate and pay a distribution of EUR 0.72 per share. A decision on the appropriation of earnings recommended by the Management and Supervisory Boards will be taken at the annual general meeting on April 30, 2014.

The provisional results for financial year 2013 and the fourth quarter will be published on January 31, 2014.
